

## Dear Praying Friends in Europe,

At a recent Prayer Summit in Romania, an encouraging prophetic word was received by George, a brother from Greece: "There is a turnaround coming to this Continent, one that you cannot believe right now, because of the current situation. But what is more important than what the current circumstances dictate, is what the Lord and Heaven has decreed. Even what the forces of Darkness have been doing to enforce their agenda will be reversed and undone. What it takes people long and hard to build, the Lord can dismantle and demolish with a breath of His Mouth."

As it is written in Psalm 2:1 *Why do the nations rebel and the peoples plot in vain? The kings of the earth take their stand, and the rulers conspire together against the LORD and His Anointed One: "Let us tear off their chains and free ourselves from their restraints."*

The One enthroned in heaven laughs; the Lord ridicules them.

Yes Amen! The Lord of heaven and earth has all the power in the universe and He can astonish and delight us all with the spiritual changes He will bring to Europe.

Recently I attended a European Prayer Summit in Bucharest, Romania. It was called by an experienced group of prayer leaders because they felt it was urgent to get together to pray about the Ukraine-Russia war. They saw an increasing risk that the war would escalate into a nuclear war. In addition, they wanted to gather prayer leaders to pray about Europe's many other issues. So a large group of us gathered at a hotel in Bucharest to worship, pray, seek the Lord and cry out to Him for His intervention in Ukraine, Russia and the rest of Europe. Worship was led by a team from Timisoara House of Prayer – beautiful, anointed worship to lead us into God's presence. We began with repentance, confessing Europe's sins against God and admitting that the church is not holy enough, not united enough and is not praying enough for governments.

About the war, as well as asking that it would stop, we prayed that there would even be reconciliation between Ukraine and Russia. This is hard to consider at the moment, while the offence is still being committed, but it is important to continue in faith for it. We also asked for a man of peace to replace Vladimir Putin.

Other subjects covered were: atheism, abortion, crime, globalism and the Islamic strategy in Europe. For me, there

were three main things that came out of this Prayer Summit.

**Firstly, that the war will not escalate into a world war, but de-escalate from now on.** Many have been praying since the beginning that it would stay confined as a regional conflict. Let us now pray that it reduces and stops. It is not time for war in Europe, but revival!

**On the subject of revival,** let us continue to knock on heaven's

door and ask God to move supernaturally and powerfully in Europe. Let us continue to follow the lead of Europe Shall Be Saved and ask for such a powerful move of God's Spirit that 100 million Europeans enter the Kingdom.

**Thirdly, let us remember that "History belongs to the intercessors!"** Brother Venco shared how he brought believers from Greece, Macedonia and Albania together in a hotel on Lake Prespa to repent and forgive each other. "Why should also our children fight each other? Let's stop the cycle of wars!" A few weeks after this, the prime ministers of Greece and North Macedonia met in the same place and agreed to reconcile. When we pray in unity, we are powerful and governments follow our lead!

**So pray that Christians from different sides of conflicts will meet at the feet of Jesus.**

### Update:-

The massive earthquake which hit Turkey and Syria has caused widespread devastation, with over 20,000 dead, many injured, and many left homeless and in shock. Search and rescue teams have come from other countries to help locate survivors but the low temperatures are another threat to life. Let's pray that food, water, medical supplies and shelter can be brought quickly to those in need; that the Lord would bring comfort and consolation; that the church can reach out to those in distress.

### Additional Prayer Points:-

1. Pray for European leaders to be in unity over the decisions they need to make about further military help for Ukraine.
2. Pray for the European summit taking place where migration will be on the agenda.
